

Ishan Handa

Backend-Focused Full-Stack Developer

Batala, Punjab, India | +91 70093 65665 | ishanhanda7733@gmail.com
github.com/ishanhanda11 | ishanhanda.in

PROFESSIONAL SUMMARY

BCA graduate and backend-focused full-stack developer with hands-on experience building web applications using JavaScript, Node.js, Express.js, PostgreSQL, Prisma, and REST APIs. Built AI-integrated applications, secure authentication systems, and real-time collaborative software. Strong interest in backend engineering, API design, database-driven applications, and practical software architecture.

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL

Backend: Node.js, Express.js, REST APIs, API Design, Async Programming

Databases: PostgreSQL, Prisma ORM, Database Schema Design

Frontend: React.js, HTML5, CSS3, Vite

AI & Real-Time: Google Gemini API, WebSockets, Yjs, Monaco Editor, Socket.IO

Authentication & Security: JWT, HTTP-only Cookies, Refresh Tokens, OTP Verification, bcrypt, Zod

Tools: Git, GitHub, Docker, Axios

PROJECTS

Build With Me — AI Coding Learning Platform | Aug 2026

GitHub | Live

- Built a full-stack AI coding-learning platform that generates personalized projects and progressively challenging coding tasks based on learner goals, experience, and performance.
- Designed a modular Node.js and Express backend with Route, Controller, Service, and Repository layers using PostgreSQL and Prisma ORM.
- Implemented JWT authentication with refresh-token rotation and revocation, HTTP-only cookies, Zod validation, and rate limiting for authentication endpoints.
- Integrated Google Gemini for project generation, code evaluation, progressive hints, pseudocode, solutions, and adaptive challenge generation based on learner activity.

AI Interview Report Generator | Apr 2026

GitHub

- Built a full-stack AI application that analyzes resumes, job descriptions, and candidate self-descriptions to generate interview preparation reports with match scores, interview questions, skill gaps, and preparation plans.
- Implemented JWT authentication, HTTP-only cookies, bcrypt password hashing, protected routes, PDF resume upload, and resume text extraction.
- Structured the backend with Express.js, middleware, service-layer abstraction, Prisma ORM, PostgreSQL, and Google Gemini API integration.

Full Authentication System | May 2026

GitHub

- Developed a complete authentication flow covering registration, login, logout, forgot password, and email-based OTP verification.
- Implemented JWT-based authentication, cookie handling, password security, protected routes, and Nodemailer-based OTP delivery.

Collaborative Real-Time Editor | Sep 2026

GitHub | Live

- Engineered a real-time collaborative code editor using Monaco Editor, Yjs (CRDTs), and Socket.IO for conflict-free multi-user concurrent editing.
- Implemented client awareness protocols for live user presence, active rosters, auto-debounced typing indicators, and disconnect cleanups.
- Built a multi-stage Docker Alpine container to package the Vite React client and Express backend into a single-origin deployment, eliminating CORS overhead.

PORTFOLIO WEBSITE

3D Interactive Portfolio Website | Aug 2026

GitHub | Live

- Built a responsive 3D developer portfolio using React, TypeScript, Vite, Three.js, React Three Fiber, Framer Motion, and Tailwind CSS.
- Created interactive 3D guitar navigation, animated project modals, responsive layouts, and a custom Karplus-Strong audio engine using the Web Audio API.
- Optimized the WebGL experience with baked shadows, preloading, responsive rendering, and mobile-focused layout adaptations.

EXPERIENCE

Django Intern — NetSet Software Solutions, Mohali | Jul–Aug 2024

- Built a full-stack Django blog application with an admin dashboard for managing posts and categories, including drafts, featured posts, and image uploads
- Implemented user authentication (registration, login, logout) and a public-facing site with category filtering, slug-based post URLs, and keyword search

EDUCATION

Bachelor of Computer Applications (BCA) — Amity University Mohali | Graduated June 2025 | CGPA: 7.5/10

LANGUAGES

English — PTE Academic 90/90 | Hindi | Punjabi
